

A College Education

How The University of Vermont Will Help Worthy Vermont Students

Vermont Boys and Girls who desire a College education but lack the necessary funds should communicate at once with Guy Potter Benton, President of the University of Vermont and State Agricultural College.

Through an endowment known as the Jeudeine Fund, the University is enabled to make loans to deserving Vermont students. A full explanation of your ambitions and circumstances may make it possible for you to commence your college course next September. Delay may mean a lost opportunity.

The University of Vermont ranks high among American educational institutions and exceptional facilities are provided in the College of Arts and Sciences, of Medicine, of Engineering and of Agriculture.

A new course in agricultural education designed for the purpose of training teachers of agricultural courses in the common schools has also become operative.

WAITSFIELD

Blue Flame Stove, Beyond Control, Caused Excitement.

Considerable excitement was manifested at the village Thursday evening when a crowd gathered around George Kingsbury's house, as dense smoke poured out the windows. The cause of alarm was a blue-flame oil stove, which flared up and which Mrs. Kingsbury thought exploded and which she covered over, thinking to extinguish the same. This should be a warning to all users of oil stoves to keep the wick turned down to proper height, thus avoiding danger and alarms.

FREE TO ASTHMA SUFFERERS

A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time

We have a new method that cures asthma, and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as hay fever or chronic asthma, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalant, douches, opium preparations, fumes, "patent smokes," etc., have failed. We want to show everyone at our own expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible nervous attacks at once and for all time.

This free offer is too important to neglect a single day. Write to-day and obtain the method at once. Send no money. Simply mail coupon below. Do it to-day.

NEW PERFECTION KITCHEN PRIMER

PAGE 4

LESSON 1

The Coal Man Wrings His Hands

See the fat man with the sad face. He is the coal man.

Why is he sad?

He is sad because all his customers are using Socony Kerosene Oil.

And not buying his coal?

No, because it costs less to cook on a New Perfection Oil Cook Stove. It costs only six cents a day to do the cooking for a family of six. Besides, the New Perfection is as quick as gas and doesn't make dirt and ashes.

Look for the long blue chimney—that's what makes the New Perfection efficient and trouble-proof. The 1916 models have the new patented reversible glass reservoir and many other improvements. Sold in 1, 2, 3, and 4-burner sizes (by hardware dealers, furniture and general stores) everywhere.
